PROFESSIONAL SUMMARY

I am a 2D artist with an interest in Illustrations, visual storytelling and brand communication. I keep my style of work flexible and open to explorations. I have a background in Anthropology which gives me a holistic perspective to understand people and their relationships with environments. My skills combined, helps me curate aesthetic and human-centric designs. I draw my inspiration from fantasy, emotions, nature, music, peers, my parents (who are painters), the culture around me and back home (Assam, NE India)
