

SUHANI AGARWAL

I am a multidisciplinary designer who believes the best solutions come from **understanding people**, not just pixels. My work sits at the intersection of culture and strategy, combining deep research with storytelling to **create experiences that truly connect with communities**. I focus on '**designing with**' rather than 'designing for,' aiming to build creative solutions that are as **socially impactful** as they are **visually engaging**

Work Experience

National Gandhi Museum- Rajghat, New Delhi.

Sept 2025- Oct 2025 | Junior Designer

Designed and curated an exhibition illustrating Gandhi's personal & ideological growth, highlighting his evolving principles of nonviolence.

The Village in Spring 2025- TDV, India

July 2025 | Design intern

Contributed to the curation of student work and led the design of the spatial, experiential, and display elements for the Spring Exhibition.

Ink.social Design- Amsterdam, Netherlands
