KNOW ME BETTER

Hi! I'm Sneha Sunny a product and footwear designer currently pursuing my Master's in Product Design, with a strong foundation in footwear design. I love bringing ideas to life that are not only functional but also visually compelling and emotionally resonant. My interest lies at the intersection of fashion and functionality and I'm currently exploring accessories to expand my design language. I'm deeply curious, hands-on, and enjoy working across materials, forms, and user centered narratives. As a person I'm culturally rooted, enjoy painting and I enjoy working with others as it grows when I'm part of a team.
